PORLAND[®] Academy

The ultimate combination of elegance, strength and durability; the superior Academy Fine China collection features warm white, refined shapes to enhance every dining occasion.

Porcelite[®] Vitrified Hotelware BS4034

A powerful blend of quality, performance and value, the renowned Porcelite collection of professional Vitrified Porcelain offers a versatile, cost effective solution without compromise.

Bevande

Classic design with a contemporary finish, this durable porcelain collection features fresh, complementary colours designed to add interest to modern beverage service.

Borgonovo[®] made in Italy

Crafted in Italy with a European flair, Borgonovo soda-lime glassware offers great versatility with a variety of shapes and sizes to suit all.

Seasons by Porcelite[®]

Presented in a palette of eight complementary colours, inspired by the vibrant shades of the changing seasons.

AUSTRALIAN FINE CHINA

The classic shapes and fine finish of Australian Fine China will enhance any table. A warm ivory shade brings a timeless look to fine dining presentation.

Rustico[®] Stoneware

Add rustic charm to casual and fine dining menus with Rustico Stoneware. The perfect platform for a truly distinguished look.

Stölzle[®] Lausitz born in fire

Designed for the discerning wine connoisseur, the Stölzle collection of finest German lead-free crystalline glassware offers a comprehensive range of varietal specific glasses to enhance flavours.

Porcelite[®] Connoisseur Fine Bone China

Light but strong; brilliant white Fine Bone China, offering the chef a blank canvas for inspirational presentation.

Ocean[®] Life's pleasure

Crafted from high quality, soda-lime glass, the Ocean range offers a comprehensive and durable collection of professional glassware.

costaverde

The Costa Verde professional porcelain collections offer contemporary, European styling combined with exceptional quality and durability.

APS[®]

A vast portfolio of high quality, food service equipment for a complete solution.*

A hand crafted
STUDIO POTTERY
look, for a
RUSTIC EDGE
to casual & fine dining

Presented in a palette of eight complementary colours, inspired by the vibrant shades of the changing seasons. Created to work perfectly in a suite, or mixed and matched; Seasons offers unlimited presentation options.

Crafted in Porcelite professional vitrified porcelain, each piece is hand decorated, resulting in an individual speckling effect and a reactive contrasting rustic band to frame. No two pieces are the same to create the perfect platform for a truly eclectic look.

A buffet display featuring several white and black trays filled with various food items. The trays are arranged in a row, each containing a different dish. The food items include shredded carrots, cooked shrimp, cherry tomatoes, a creamy salad, a vegetable salad, sliced mushrooms, and sausages. Each tray has a black serving spoon. The background is a dark, solid color.

Why not make it YOUR OWN

MINIMUM ORDERS

Our minimum initial order for bespoke tableware is 300 pieces, these can be in a variety of items if required. Repeat orders must be for 96 pieces or more and again items can be mixed if required.

QUANTITIES

All bespoke tableware orders must be made up of pack quantities in each item required.

ARTWORK

Please provide us with artwork in either jpeg, tiff or eps format along with the requisite Pantone® references for each colour required.

DELIVERY LEAD TIME

We aim to complete all orders, from ready made artwork, within fifteen working days from sample approval.

PRICING

Due to the huge range of options and permutations within bespoke tableware we price each project individually. We would be delighted to quote you for your specific requirements, please contact us for a quotation.

Ceramic PRODUCT BENEFITS

MICROWAVE SAFE

All plain white products are completely safe in any microwave oven. Products with metallic decoration however should not be used in microwaves.

DISHWASHER SAFE

All products are resistant to attack by dishwasher detergents and have been tested to many thousands of cycles.

OVEN SAFE

Our Ceramic bodies are fired at very high temperatures. This makes them oven proof, exceeding the 180 degrees Celsius temperature difference laid down as the European standard.

FREEZER SAFE

All products can be used in any freezer.

MICROWAVE *Dishwasher Safe* OVEN PROOF *Freezer Safe* CRAZE PROOF *Strength* GLAZE DURABILITY

CRAZE PROOF

The body recipes and manufacturing processes utilised in the production of products means they are completely vitrified and therefore totally impervious to water making all items craze proof and very hygienic to use.

STRENGTH

Both Porcelite and Australian Fine China products are extremely strong, far exceeding European guidelines for catering ceramics (BS 4034). Both carry a five-year guarantee against edge chipping (on selected items).

GLAZE DURABILITY

All products have glazes that have been formulated to withstand the rigours of the catering environment. They will not stain and are resistant to metal marking and abrasion in normal usage.

PRODUCT CARE

Information

CERAMIC

All ceramic products are suitable for machine dishwashing.

It is important that the manufacturers washing guidelines be followed at all times. Excessive rinse temperatures i.e. above 60 degrees Celsius and overdosing of detergent will cause damage to the glaze surface.

If removing food residue prior to washing a plastic scraper should be used to avoid damaging the glaze surface. Never use metal utensils or cutlery to clear plates as this can cause metal marking.

Cutlery should never be washed in amongst crockery and specialist cutlery baskets should be used at all times. Do not machine wash crockery with other metal objects such as baking sheets and pans as this can cause metal marking.

Use rubber or plastic mats on stainless steel surfaces and shelving in order to reduce the potential for metal marking.

ACACIA WOOD

Acacia wood is not suitable for washing in commercial dishwashers.

The appearance of the product can be maintained by regularly wiping the surface with vegetable oil.

Under no circumstances should Acacia wood be allowed to soak in water as this will lead to the product warping and splitting.

The product should be hand washed in warm soapy water and dried immediately.

As wood is a natural product its surface will mark over a period of time.

CUTLERY

All cutlery can be washed in a dishwasher.

Never store cutlery in a damp atmosphere as this will cause corrosion. Cutlery should also never be left to soak prior to dishwashing.

Cutlery should be washed as soon as possible after use, if left dirty certain substances in food such as acids and fats can cause corrosion.

Cutlery should be washed in an upright position with the head in an upwards position, in specialist cutlery baskets. Do not overfill cutlery baskets as this restricts water flow during the cleaning process.

Once washed cutlery should be immediately wiped with a clean towel or dried using a cutlery polisher. This will remove any salt residues left after the washing process and prevent corrosion and pitting.

CERAMIC

Acacia wood

CUTLERY

Melamine

BAMBOO FIBRE

Glass

MELAMINE

All Melamine products can be cleaned in a dishwasher.

Melamine products are not suitable for usage in ovens or microwave ovens.

Do not use abrasive detergents with bleaches, wire scourers or metal implements to clean melamine products as this will scratch the products surface.

Melamine products are suitable for Bain Maries.

Designed to operate in temperatures from -30 to +70 degrees Celsius.

BAMBOO FIBRE TABLEWARE

Zhu Bamboo Fibre tableware can be cleaned in a dishwasher.

Do not use abrasive detergents with bleaches, wire scourers or metal implements to clean this product as it could scratch the products surface.

Bamboo Fibre products are suitable for Fridge and Freezer.

Bamboo Fibre tableware is heat resistant up to 130 degrees Celsius - but avoid direct heat sources or naked flames.

Bamboo Fibre tableware is NOT recommended for Microwave use.

GLASS

All glasses can be washed through a commercial glass washer.

A non-caustic detergent must be used as caustic detergents can damage the surface of glasses and make them appear dull.

Always wash new glasses prior to their first usage.

Never wash glasses at a temperature of above 60 degrees Celsius as higher temperatures can cause debris to be baked onto glasses. Do not put cold liquids into hot or warm glassware as this can cause glasses to crack, it is also advisable to warm glasses prior to filling them with hot liquid by running them under a hot tap.
